

We are pleased to offer you the original muck-trucks!

First with the concept. First with the design. Number 1 power wheelbarrows and micro dumpers in the world. Muck-truck® has proven to be the benchmark which other manufacturers try to emulate. Muck-Trucks are recognized globally by industries in construction, landscaping, recreation parks, utilities sectors and by the rental user. Manufactured to the highest quality and specification.

The Muck truck pedestrian dumper is designed and built in the United Kingdom and delivers obvious productivity benefits to the building/hire and landscaping industry. It can carry three times that of a conventional wheelbarrow and will transport loads of up to one quarter of a ton. A reliable Commercial grade 5.5hp Honda GX engine powers the four-wheel drive ensuring maximum traction when moving loads on wet and uneven ground.

### Muck-truck Max Dumper

Tires: 400 x 10"

Noise Level: less than 5db

### Optional Skip Extensions

The optional skip extensions will fit onto the standard skip. Provide 30% more capacity. Ideal for gardeners, and landscapers.

### Optional Flatbed

The most popular accessory for landscapers and gardeners. Perfect for all those awkward loads that cannot be easily carried in the general purpose skip, like sod or firewood. Flat bed sits above the wheels so oversized loads can be carried with ease.

### HIGHLY PRODUCTIVE

- 3 times the capacity of standard wheelbarrows
- 28" width goes through standard doorways
- 4-wheel drive "anywhere" capability
- Quick-fit attachments available—no tools required
- Meets rental yards, landscape and construction demands
- Powder coat finish
- Heavy Gauge steel construction
